"Accountable, Accessible and Hard Working." **Callahan For Freeholder For a Change.**

The Fourth Freeholder District needs a county representative who is accessible to the people of the area. Someone who is involved in the issues that matter most.

"As a life-long resident of Essex County and someone who operates a business in West Caldwell, one of our district townships, I spend 90% of my time in the district. If our area is going to have a representative in county government who can speak up for our concerns, then that representative should at least know what they are."

"I am committed to staying in touch with the people of our area and I intend to open a district office where people can feel they have direct access to county government."

"I also intend to represent all the communities of the Fourth Freeholder District both fairly and impartially. As a small business owner, I plan to be a big voice for their concerns and to fight for initiatives that create economic growth."

"I am seeking public office for the first time and need your support. Please consider me on Election Day. Thank you so much. ??"
